Registration number 07.380.407

issued according to section 3 of the Government Decree No. 173/1997 Sb. (Coll.) as amended for the manufacturer.

EUROJUMPER S.C.
Wroclawska 20
PL - 55-095 Januszkowice
Company Registration No.: 020511400

for the products:

Name: **Amusement device - trampoline**
 Type designation: **Bungee trampoline 4 persons mobile**
 Modification: **----**
 Place of the production: **Wroclawska 20, PL - 55-095 Januszkowice**

that were subject of the type testing according to section 3 paragraph 4 of the

Government Decree No. 173/1997 Sb. (Coll.), as amended.

The specimen of the selected products complies with the relevant provisions of the Czech standard **ČSN EN 13814: 2005 (PN – EN 13814: 2011, EN 13814: 2004)**

The Certificate was issued on the basis of a test specimen of a selected product presented for testing and certification. Detailed test results are stated in Evaluation report No. 07.374.127 from 08.10.2014.

This certificate shall apply only for the test specimen of the selected product presented to the TÜV SÜD Czech for testing and shall not be time-limited.

Issued by an authorised person of TÜV SÜD Czech for the purposes of issue of the declaration of conformity of the products with the above mentioned technical regulation.

The certificate is valid until: **23.10.2017**

Details and validity conditions are stated in the annex which forms an integral part of this Certificate and contains 1 page.

Prague, 23.10.2014

On behalf of the Authorized Body 211
Jana Bačinová
 Head of Certification Department

1. The product specimens were entered for evaluation and type certification on 03.09.2014.
2. The Certificate was issued on the basis of documents provided by the client:
 - Application for certification from 03.09.2014
 - Technical documentation
3. Detailed technical data characterizing the product type:

Description:

Bungee trampoline 4 persons mobile can be installed repeatedly without damage or loss of integrity, temporarily or permanently, on the premises of fairgrounds, amusement parks and other locations. The structure consists of a steel module measuring 1700x1700 mm, made out of 80x40x3 mm sections. The module is set up on four height-adjustable supports. Four aluminium arms connected diameters of 90 and 80 mm and wall thickness of 3 mm extend from the module. The total height of the arms from ground level is 6600 mm. The peak span of the arms is 5400 mm. Trampolines with dimensions 3120x1730 mm, made out of aluminium 50x50x3 mm sections, can hold 4 persons. Entry to the trampolines is made through steps, or with the help of an operator. Persons inside protective harnesses are suspended with rubber cables measuring 10 mm in diameter and are raised up by an electric hoist with a capacity up to 250 kg.

Max. number of persons: 4
Min. / max. weight of one person: 10 / 85 kg
Supply voltage: 230 V / 50 Hz

4. The list of important parts of the technical documentation:
 - Is stated in the Evaluation report No. 07.374.127 from 08.10.2014.
5. Validity Conditions:
 - The certificate shall only promote its holder, the product and production places mentioned therein.
 - The transmission of this certificate to third parties is inadmissible as well as its use by third parties.
 - TÜV SÜD Czech shall be immediately notified about any product modifications compared to the certified specimen. This fact may cause the certificate continuation dependent on an additional conformity evaluation.
 - The certificate shall only be reproduced complete including all the annexes.

This language version of the certificate is a translation of a Czech official version No. 07.380.407 issued on 23.10.2014, which is deemed the only one applicable in the event of legal disputes and was printed on 23.10.2014.
